

PRO-APPLICATION SERVICE CO., LTD.

List of Technical Standards in force

Number	Scope Covered	Equipment Classification	NTC Testing Capability
NTC TS 001-2548	Radiocommunication equipment operating in land mobile service in the VHF/UHF frequency band	Class B	Yes
NTC TS 002-2548	Radiocommunication equipment for general public operating in the 78 MHz or 245 MHz frequency band	Class B	Yes
NTC TS 003-2548	Radiocommunication equipment operating in aeronautical mobile service in the VHF frequency band	Class B	Yes
NTC TS 004-2548	User equipment operating in cellular land mobile service using GSM technology	Class B	Yes
NTC TS 005-2548	Radiocommunication equipment in Global Mobile Personal Communications by Satellite (GMPCS) system	Class A	No
NTC TS 006-2548	Wireless microphones	Class A	Yes
NTC TS 007-2548	Radio control operating in 72 MHz	Class B	Yes
NTC TS 1008-2549	Base stations/repeaters operating in cellular land mobile service using GSM technology	Class B	No
NTC TS 1009-2549	Digital trunked radio system in land mobile service	Class B	No
NTC TS 1010-2550	Radio Frequency Identification (RFID) equipment	Class A / SDoC	Yes (920-925 MHz Band only)
NTC TS 1011-2549	Automotive vehicle radar in the frequency band 76-77 GHz	Class A	No
NTC TS 1012-2551	Broadband Wireless Access (Radio Local Area Network) radiocommunication equipment	SDoC	No
NTC TS 1013-2549	Broadband Wireless Access (Metropolitan Area Network) radiocommunication equipment	Class B	No
NTC TS 1014-2549	Base stations/repeaters operating in cellular land mobile service using IMT-2000 CDMA Direct Spread (WCDMA) technology	Class B	No
NTC TS 1015-2549	User equipment operating in cellular land mobile service using IMT-2000 CDMA Direct Spread (WCDMA) technology	Class B	No
NTC TS 1016-2549	Base stations/repeaters operating in cellular land mobile service using IMT-2000 CDMA Multi-Carrier (cdma2000) technology	Class B	No
NTC TS 1017-2549	User equipment operating in cellular land mobile service using IMT-2000 CDMA Multi-Carrier (cdma2000) technology	Class B	No
NTC TS 1018-2550	Radiocommunication equipment operating in amateur service	Class B	Yes
NTC TS 1019-2551	Antenna of earth station in fixed-satellite service using geo-stationary orbit	Class A	No
NTC TS 1020-2550	27 MHz CB radiocommunication equipment on board ship	Class B	Yes
NTC TS 1021-2550	Radiocommunication equipment operating in maritime mobile service in the VHF frequency band	Class B	Yes
NTC TS 2001-2550	Optical Communication System	SDoC	No
NTC TS 3001-2550	EMC of telecom terminal equipment	SDoC	No
NTC TS 4001-2550	Electrical safety of telecom terminal equipment	SDoC	No
NTC TS 5001-2550 (RF Safety)	Radiocommunication equipment (Radio frequency radiation exposure in 9 kHz - 300 GHz) Based on ICNIRP Guidelines	Depends on type of equipment	N/A
